What should we be concerned about when buying mobile screen cleaners?

- Will the screen cleaner stick to every cell phone cover.
- Will the edges fray when you use the screen cleaner.
- Is the adhesive washable when it gets dirty.

These are questions you will want to ask the supplier you get the screen cleaners from.

When you buy the screen cleaners from us we Guarantee you that all the above will apply to our screen cleaners, there are 2 types adhesive, ones that stick to cell phones and ones that stick to mobile phone covers, we only sell the ones that stick to any device or cover.
